

Confirmation of Participation

Ana Catarina Silva successfully completed the European Youth project "Fearful Visions – Visionary Ideas. Europe's Youth on the Move" (Program: *Mobilize Your Thoughts*), which took place in Berlin from March 16-27, 2013. The results of the workshop will be presented in a mobile exhibition in Berlin, Warsaw and Madrid in August and September 2013.

During the workshop Ana took part in:

- An Intercultural Training
- Training in participatory methods
- Training in exhibition methods and practice
- Intercultural and interdisciplinary group work

Ana furthermore participated in lectures and discussions on the "structures of fear" in media, psychology, philosophy and art.

For the final exhibition the participant planned and created an individual project, entitled "Mobilize Me". The project takes as a starting point the idea that postcards are souvenirs; they connect people, overcome borders, communicate and mobilize ideas. By communicating and exchanging ideas people can be connected and form a community. With the project exhibition visitors are asked to take a postcard to keep it, to give it away, or to send it, spreading his/her thoughts and visions by sharing them with friends around the world. This way, the visitor will not only be mobilized but possibly even mobilize others and raise awareness.

Ana worked in an intercultural team and showed an exceptional motivation to support the host organization in realizing a group project. She proved her communicative skills and team competence on various occasions.

We wish her all the best for the future!
